

Eliminate Barriers

Energy Risk Solutions (ERS) is an online resource that includes a comprehensive list of industry specific training programs and resources in a variety of formats to improve training effectiveness and reduce policyholder training costs.

Our customers can choose from over 120 energy and energy related computer based Health, Safety, and Environmental (HSE) courses delivered in a classroom or individual user format.

Each policyholder is issued a unique user ID and password upon request for unlimited employee training.

Committed to Safety

At Berkley Oil & Gas, we value contributing to health, safety, and environmental education and awareness. We will continue to collaborate with the oil and gas industry, insureds, agent, and brokers to develop tools and resources that bring value while supporting employers in their pursuit of new business with technological improvements.
